

14th January 2010

Dear Parent/Carer

Careers Fair – Year 9 Students

I am writing to invite you and your son/daughter to attend a Careers Fair on Thursday 28th January 2010, which will start at 3.30 pm and finish at 8.00pm.

This event has been put together as part of a collaboration of the six area secondary schools and Epping Forest College. There will be over 50 exhibitors including employers from the public and private sector, as well as sixth form, colleges and universities. The venue for this event will be **Epping Forest College**, Borders Lane, Loughton. I have attached a flyer with further information.

Careers education is an important part of the curriculum and Year 9 students are invited to attend this event, to assist them with choosing their G.C.S.E options this term. It is important that they receive good information, advice and guidance for their future studies and careers. We hope this will be an interesting and informative evening for parents and students.

To book a place at this event please complete and return the reply slip to your form tutor by Thursday 21st January.

If you are unable to take your child to this event due to transportation, there will be a coach departing St John's School at 3.30 pm which will return to school at 5.30 pm. There are a limited number of spaces available. If you would like to book a place for your child please indicate on the reply slip. This will be on a first come first served basis.

We look forward to welcoming you and your son/daughter to this exciting event.

Yours sincerely

Richard Ahren
Assistant Headteacher
