

19th October 2011

Dear Parents and Carers

GCSE Mathematics Examination Preparation

Your child has been identified to attend a series of after school and holiday mathematics revision classes. The classes are designed to give extra help and support to secure at least a grade C in the forthcoming mathematics examinations.

The after school classes take place on Thursdays from 3:00pm to 4:00pm in room 21.

The half term class is taking place on Tuesday October 25th from 9am – 1pm.

Your child has received a calculator paper as part of a mock exam, in preparation for the November exam sitting. The expectation is that students undertake this at home in quiet conditions and return the completed paper to school on **Monday October 31st** for marking and diagnostic analysis.

The aims of the revision classes are to look at exam and revision techniques, consolidate understanding of key topics and to practice exam questions, as well as to build confidence and motivate students. Past exam papers can be downloaded from the 'Latest News' section of the school's website.

A high level of attendance and commitment to work will ensure your child achieves the best possible results. It is therefore, important that your child attends every session.

Should you require further detail please contact me at school email: wsavaker@st-johns-epping.essex.sch.uk.

Thank you for your continued support.

Yours sincerely,

Mrs W Savaker
Director of Learning, Mathematics & Numeracy
